Delivery Lead Time is from receipt of order or free issue material, whichever is the latter.

If delivery is required sooner, please contact us as this can usually be accommodated.

Once an order has been placed, delivery will be confirmed after current workload and material availabilty has been established.

Please note! Our company policy on free issue material is as follows:-
Components are priced on the basis of machining time only, and do not take into consideration material cost and the risk associated with having to replace material if a component is rejected. The advantage to the customer being the prices offered can be substantially less if there are no issues during machining. This does however mean the customer shares some of the risk if there are.
As a result, we would only accept an order related to this quote on the understanding that the customer is responsible for issuing replacement material free of charge if a part is rejected

Thank you for your enquiry. We have pleasure in submitting our price and delivery for the items on this enquiry.

If available, please supply step or DXF files with order.
