UST-ID-Nr. DE128234087

General conditions for the optimal function of LEBUS®-grooving:
- Wire rope tolerance: SPECIAL
- Recommended min. tension at safety factor 5:1: 2% of calculated rope breaking load.
- Recommended fleet angle (acc. to application): 0,5° - 1,5°.

Design:
Base for the production is the LEBUS-drawing, approoved and confirmed by the customer or customer's own drawing. The data on the order confirmation are only for your additional information. Other or missing data on the order confirmation will not be considered for the fabrication of the product.

Surface preparation & painting acc. Lebus Standard:
Surface scaling/machined surfaces = rust proof coating Intercure 200 (International) or Penguard Primer (Jotun), colour red, approx. 40µm.

Delivery time:
Standard: 18-20 working weeks
*** At special case shorter delivery time possible *** please contact us!

Delivery time is the shipping day FCA Lebus Finning, Germany (Incoterms 2010).
All shown delivery weeks refer to immediate order and start after receipt of written order and/or clarification of technical datas and confirmed drawings. A later order or any changes occuring after official order confirmation or during fabrication cause delayed delivery and alternation of price.

Prices:
Outlined prices comprise the described workmanship and extent of fabrication and services. Others than described requirements have to be submitted to us, specifying the requirements, also being subject to extra prices.

Cancellation Fee:
5% of cancelled order value additional actual expenses occured (material and machining).

Warrenty:
We guarantee for proper and conscientious design and fabrication of the described LeBus product. We do not guarantee for defects resulting from incorrect layout, dimensional and/or technically, and incorrect information. Warrenty also expires in case of improper modifications/repair or installation work having been carried out by yourselves.

As for the rest, we refer to our general terms and conditions of business which definitely exclude any other terms.

We are at your disposal for any question you might have.

Yours faithfully
Lebus International Engineers GmbH
