Attn: James Willis,

Dear James,

Your ref:	Metric Pipe CNC Bending – C3130TR.
Our ref:	UK06204
Date:	29/06/2026
Revision:	0

We are pleased to submit our quotation for the prefabrication of pipe spools in accordance with the models provided (AN0137-041 and AN0115-019). The models incorporate the corresponding spools, which have been used to generate the bill of materials and to produce detailed spool drawings for fabrication.

Our proposal covers a comprehensive scope of work and is outlined as follows:

Scope of Supply and Services

- Procurement and supply of all necessary materials in accordance with the MTO.
- Full prefabrication of all pipe spools, bend radius of 3D.
- Pressure testing of all fabricated spools to 420 bar, (1.5 times the specified working pressure of 280 bar).
- Hot oil flushing to achieve a cleanliness level of NAS 6 or better.
- All pipework will be manufactured from 316L stainless steel, (16S and 12S nuts), and Viton Walform Seals.

Quality, Identification, and Delivery

- Upon completion of fabrication and testing, all pipe spools will be clearly labelled.
- Each spool will be properly sealed with protective end plugs, and bagged.
- The finished spools will be prepared to a high standard suitable for safe delivery.

1. Introduction to GS Hydro

GS Hydro are the world's leading supplier of non-weld piping systems for hydraulic and other low and high-pressure applications, renowned for their robust and leak-free performance. Our innovative solutions are designed to meet the rigorous demands of offshore, marine, and land-based applications, ensuring superior quality and reliability. With a legacy of excellence dating back to 1974, GS Hydro systems are the preferred choice for industries seeking efficient, safe, fluid transfer solutions.

We deliver our piping and hose solutions globally in more than twenty-five countries through own companies and partners.

GS-Hydro Quality System is certificed to **ISO9001:2015** and in additions we carry the Environmental Management system **ISO14001:2015** and the Occupational Health and Safety Management System **OHSAS-45001:2018.**

MANAGEMENT SYSTEM CERTIFICATE

Certificate no.:
10000396401-MSC-ACCREDIA-ITA

Initial certification date:
08 April 2021

Valid:
08 April 2024 – 07 April 2027

This is to certify that the management system of

INTERPUMP PIPING GS S.r.l.

Via Giambattista Vico, 2 - 42124 Reggio Emilia (RE) - Italy

and the sites as mentioned in the appendix accompanying this certificate

has been found to conform to the Quality Management System standard:

ISO 9001:2015

This certificate is valid for the following scope:

Purchasing, production, design, prefabricating, manufacturing, sales, installation, flushing, pressure testing and commissioning of complete piping systems and separate components, piping modules, flanges, valves, supporting brackets & clamps, reducers and hose assemblies, carried out through the application of all or part of the following procedures: engineering, cutting, bending, pipe end grooving, flaring, walforming, hose crimping, cleaning, preservation, packaging, installing, pressure testing, flushing, commissioning and on-site services.
(IAF 17, 14, 29)

Place and date:
Vimercate (MB), 04 April 2024

4. Commercial / Terms and Conditions of Sale

Total Price:	**£2,396.92. Materials, Prefabrication, Pressure Testing, Hot Oil Flushing.**
Time of delivery:	Materials; 5-7 Days. Prefabrication, pressure testing & flushing; 2-3 days. Final delivery time to be confirmed at time of order.
Terms of payment:	2 months after month of invoice.
Condition of sale:	Our standard Terms & Conditions of sale apply, and a copy can be supplied upon request.
Value added tax:	Excluded.
Validity time:	30 days.
Exclusions:	Standard exclusions below.

Yours sincerely,

Sam Burn
